

DEE STRINGER RGN

Swelling Matters +
Lymphoedema Therapist

Testimonials

Today seeing Dee was a very good experience I was instantly put at ease, the whole procedure was very good, and good advice offered when I mentioned the cramp I have at night.
really lovely person.

Treatment plan seems to be coming together now although it seemed slow at first. Dee is really making every effort to make life more comfortable for me and to try to reduce the lymphoedema in my leg, as well as being so friendly and treating me as a person!

Was attended to by Dee with a smile and wonderful attitude. She was very efficient and asked all relevant questions. The examination was done with dignity.
First class treatment
